

ETCHer SPOTLIGHT

Academic Background:

Bachelor of Commerce in Operations Management. Currently pursuing an MBA from the University of Calgary

How did you start working at ETCH?

A friend told me about how much she loved working for ETCH. After doing some homework on them, I was extremely interested and applied shortly thereafter.

What advice would you give someone starting out in the industry?

You're never too old or experienced to learn something new. In an industry as dynamic as ours, you have to have a growth-oriented mindset and be willing to learn, adapt, and develop. If you don't, you stagnate.

What surprised you the most about your growth at ETCH?

How fast it was! I got the opportunity to contribute on multiple projects from day one, and I've benefited immensely from working with such an incredible team.

Danial's Favourites:

Volunteering

Harry Potter

Reading

The Office

Sushi

Bubble Tea

Tennis
